Preparing massage rooms for treatment, and maintaining detailed records of the work that they do

## **Responsibilities**

- **Providing spa services**  
Spa therapists offer a variety of spa services, such as massages, facials, waxing, and manicures and pedicures. They ensure that these services are delivered safely and comfortably.
  -
- **Maintaining cleanliness**  
Spa therapists maintain a clean and stocked work area, and uphold hygiene standards and health and safety regulations.
  -
- **Providing customer care**  
Spa therapists are expected to ensure that clients feel relaxed and cared for. They should have excellent customer service skills and be able to listen carefully to

clients' needs.

- **Building client relationships**

Spa therapists should establish genuine connections with clients, and customize services based on their preferences.

- **Communicating with clients**

Spa therapists spend a lot of time talking to clients, and should be able to help clients relax and be open with them.

- **Maintaining documentation**

Spa therapists maintain documentation and keep clients' files up to date.

- 

- **Promoting retail products**

Spa therapists may suggest and promote retail products and additional services.

- 

- **Cooperating with staff**

Spa therapists should cooperate with other staff and report any issues to administration.

**Job Benefits**
